Education

Kiet Group Of Institution   **Aug 2021 – Jun 2025**
B.tech in Computer Science   *Ghaziabad, UttarPradesh*

Professional Experience

Bridge Group Solution   **Feb 2025 – Jun 2025**
Software Engineer Intern   *Gurgaon*

- Developed responsive websites for BGS and TCB using React, JavaScript, HTML, CSS, and Tailwind CSS.
- Improved UI/UX and SEO, embedded Web3Forms, and deployed on Hostinger with rate limiting.

StarShop   **Jun 2025 – Present**
Software Development Intern   *Remote*

- Integrated OTP login using Amazon SES and Nodemailer to boost secure user authentication.
- Engineered subscription-payment model with Razorpay, including AB testing of payment/provisioning flows.
- Built multi-user collaboration support for managing WooCommerce sites in teams.
- Secured APIs with rate limiting, Helmet, and CSRF tokens to prevent abuse and enhance protection.

Projects

CollegeSearch - Link | Node/Express, React, Redux, MongoDB, REST Api, Tailwind   **Mar 2024 - Present**

- Deployed OTP-based email sign up with rate limiting, security headers, and CSRF protection to prevent abuse and ensure secure access.
- Connected mentorship, college search, meeting booking, and payments via Razorpay and Stripe for a seamless user experience.
- Built an Admin Portal for managing 100+ college listings, mentor profiles, course offerings, and user actions like bookings, wishlists, and payments.

ShopHere | Reactjs, Redux, Context Api, REST Api, Auth0, Git   **Source Code**

- Developed a scalable shopping site with 1000+ products and advanced filters (price, category, color, brand) for accurate product discovery.
- Crafted an intuitive cart system supporting add/remove/delete actions with real-time subtotal updates for seamless user interaction.

Technical Skills

Languages: Java, JavaScript, SQL, HTML, CSS
Libraries / Frameworks: React.js, Redux, Express, Node.js, Tailwind, Bootstrap
Databases: MongoDB, MySQL, Redis
Developer Tools: Git, GitHub, Docker, REST API, Chrome DevTools, React Developer Tools

Leadership / Extracurricular

- Participated and excelled in over three Model United Nations (MUN) conferences, achieving two wins and honorable mentions at KIET MUN 2023. This highlights my adeptness in diplomacy and strong communication skills.
- Organized boot camps and events as a key leader in the development domain, connecting with mentors and teaching juniors to foster a culture of knowledge-sharing and technological growth.
- Regularly participated in hackathons, earning special category awards at Gautam Budh University for a resume builder project developed using EJS and JavaScript.
